

fprint\_raw\_data

```
graph LR; A[fprint_raw_data] --> B[fprint_raw_data_ex]
```

A diagram showing a relationship between two data structures. On the left is a gray rectangular box containing the text 'fprint\_raw\_data'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'fprint\_raw\_data\_ex'. Both boxes have a black border.

fprint\_raw\_data\_ex
